David Doolan,
Associate / Senior Environmental Consultant
Groundwork Plus
6 Mayneview Street
MILTON QLD 4064

Dear *David*,

**Coraki Quarry (SSD 7036)
Approval of Revised Noise Management Plan and Environmental Management System**

I refer to your email submission, dated 01 November 2019, of revised versions of the Noise Management Plan and Environmental Management System for Coraki Quarry.

I apologise for the time taken to review these documents, which were first submitted to Department on 20 June 2019, following the determination of Modification 3 on 13 May 2019. This modification approved the "as constructed" position of the quarry's processing plant and triggered a review of existing management plans.

The Secretary has approved the following submitted plans:

- Noise MP (condition 6 of Schedule 3); and
- Environmental Management Strategy (condition 1 of Schedule 5).

If you require any further information, please contact Colin Phillips.

Yours sincerely

13/4/19

Steve O'Donoghue
Director Resource Assessments

Jim Lawler
Project Director
Groundwork Plus
PO Box 1779
MILTON QLD 4064

Dear Mr Lawler

**Coraki Quarry (SSD 7036)
Approval of Management Plans**

I refer to your submission by emails, dated 22 November 2017, of management plans required under Coraki Quarry's development consent.

The Department considers the submitted revised management plans to be satisfactory. Accordingly, the Secretary has approved Coraki Quarry's:

- Environmental Management Strategy (condition 1 of Schedule 5);
- Air Quality Management Plan (condition 15 of Schedule 3);
- Transport Management Plan (condition 27 of Schedule 3),
- Blast Management Plan (condition 11 of Schedule 3); and
- Aboriginal Cultural Heritage Management Plan (condition 29 of Schedule 3).

Should you have any enquiries in relation to this matter, please contact Colin Phillips.

Yours sincerely

Howard Reed

Dear Mr Lawler

**Coraki Quarry (SSD 7036)
Approval of Management Plans**

I refer to your submission by emails, dated 26 February 2018, of management plans required under Coraki Quarry's development consent.

The Department considers the submitted revised management plans to be satisfactory. Accordingly, the Secretary has approved Coraki Quarry's:

- Biodiversity and Rehabilitation Management Plan (condition 33 of Schedule 3);
- Noise Management Plan (condition 6 of Schedule 3);
- Water Management Plan (condition 21 of Schedule 3),

Should you have any enquiries in relation to this matter, please contact Colin Phillips.

Yours sincerely
