	Ground Vibration	mm/sec	All Blasts	19	NT	2.38	<10	2.38	2.316	<5	N
2020	Overpressure	dB (Lin peak)	All Blasts	5	NT	114.4	<120	114.4	113.5	<115	N
	Ground Vibration	mm/sec	All Blasts	5	NT	2.47	<10	2.47	2.28	<5	N

Monthly Blast Summary M4

Sample Point	Monitoring Date	Airblast Overpressure dB (Lin peak) <120 or <115 for 95% blasts or no more than 1 blast in annual reporting period	Ground Vibration (mm/sec) <10 or <5 for 95% blasts or no more than 1 blast in annual reporting period	Exceedance (Y/N)	Monitoring Frequency
M4	11/09/2019	110.6	0.28	N	All Blasts
M4	18/10/2019	NT	NT	N	All Blasts

Annual Blast Summary M4

Year	Pollutant	Unit of Measure	Monitoring Frequency required by License	No. of times measured during year	Min Value	Max Value	100 Percentile Limit	100 Percentile Value	95 Percentile value	95 Percentile limit	Exceedance
2019	Overpressure	dB (Lin peak)	All Blasts	2	NT	110.6	<120	110.6	110.6	<115	N
	Ground Vibration	mm/sec	All Blasts	2	NT	0.28	<10	0.28	0.28	<5	N

Monthly Blast Summary M5

Sample Point	Monitoring Date	Airblast Overpressure dB (Lin peak) <120 or <115 for 95% blasts or no more than 1 blast in annual reporting period	Ground Vibration (mm/sec) <10 or <5 for 95% blasts or no more than 1 blast in annual reporting period	Exceedance (Y/N)	Monitoring Frequency
M5	11/09/2019	NT	NT	N	All Blasts
M5	30/09/2019	111.5	0.220	N	All Blasts
M5	18/10/2019	NT	NT	N	All Blasts

Annual Blast Summary M5

Year	Pollutant	Unit of Measure	Monitoring Frequency required by License	No. of times measured during year	Min Value	Max Value	100 Percentile Limit	100 Percentile Value	95 Percentile value	95 Percentile limit	Exceedance
2019	Overpressure	dB (Lin peak)	All Blasts	3	NT	111.5	<120	111.5	111.5	<115	N
	Ground Vibration	mm/sec	All Blasts	3	NT	0.220	<10	0.220	0.220	<5	N

Notes

NT = Not triggered

For statistical analysis, 105dB has been assumed for NT

Where no data has been published, it indicates no monitoring was undertaken at that point
